

Virtual Cards

Virtual Set #1a

To use these cards, simply print them out and cut out the area out beneath the card title, and place the paper cutout in an opaque sleeve with the original card. For example, to use the new Luke, cut out the area beneath Luke Skywalker and place the cutout in an opaque sleeve with your original Premiere Luke Skywalker being careful not to obscure any icons. The new deploy/forfeit values on the characters are great with sleeves that have hologram dots!
